1. [REDACTED] reported that [REDACTED] is in excellent shape. (General [REDACTED] is actually home now and I expect to call on him within the next few days.) Bill also reported that he was going to brief [REDACTED] who is to participate with Mr. [REDACTED] in considering the Government's overseas communications activities. I told him, of course, to go ahead and co-operate fully with this group, since they will be looking into the [REDACTED] and presumably making certain recommendations to the President thereon.

LKW:mam (Tape)
